

Potential Critical Contingency Termination

Date:	23 March 2022
Time:	8:40pm
Notice Number:	CC-0065
Notice Type:	Termination of Potential Critical Contingency
Notice Issued to:	Firstgas TSO
Notice Copied to:	Stakeholders listed in Information Guide
Current Status:	The CCO has determined that the Potential Critical Contingency situation has been terminated. Oaonui production station has returned to service, the transmission system is gaining gas and the weather storm has passed.
CCO Instruction to TSO:	Issue notice of Termination of Potential Critical Contingency to Large Consumers and Retailers as soon as possible and ensure an appropriate critical notice is posted on OATIS.

This notice is issued in accordance with the General Critical Contingency Notice Conditions contained in the CCO Information Guide, CCO Communications Plan and First Gas CCMP.

The CCO will issue advice of this Notice of Termination of Potential Critical Contingency to the stakeholders listed in the CCO Information Guide and publish this notice in the public domain of the CCO web site at <https://www.cco.org.nz/current-event/>
